

AI Waste Segregation Guide

SDG 12: Responsible Consumption and Production

This tool helps users segregate waste correctly for better recycling and sustainability.

Enter Waste Items (one item per line)

banana peels
plastic bottle
laptop
charger

Classify All Items

Waste Summary

Wet Waste Items: 1

Dry Waste Items: 1

Hazardous Waste Items: 0

E-Waste Items: 2

Unknown Waste Items: 0

Wet Waste

- banana peels

Dry Waste

- plastic bottle

E-Waste

- laptop
- charger

Take e-waste to a certified e-waste recycling facility.

Environmental Impact

Proper waste segregation improves recycling efficiency, reduces landfill waste, minimizes pollution, and supports SDG 12: Responsible Consumption and Production.
